International BUSIT Week 24 April - 29 April 2022

AP University College

www.ap.be

Who are we?

- As a University College, AP is more than just a higher education institution. AP is a learning city, an enricher of talent, an amplifier of commitment and a deepener of the students' world view.
- AP offers 16 associate programs, 23 bachelor degrees and 8 academic arts degrees.
- AP was granted the new Erasmus+ University Charter and uses the ECTS system

Where are we located?

- The International week will be held in Antwerp in the Northern part of the city.
- Our brandnew campus was opened in 2018 and is located 15 minutes from the main train station and bus station. The campus is close to the river and offers a wide range of possibilities to work and relax.

How to reach us?

- By train: 15 min walk from Antwerp central station.
- By tram line or bus line: direct from Antwerp Central Station
- By Plane: Brussels Airport Direct 30min train from Brussels airport to the central station.

www.ap.be

“In a creative team of multidisciplinary students, you will create the killer app to make life more sustainable on our campus using IOT solutions and cutting-edge technologies in the process “

Smart Campus

Description of the project

The world is changing around us. Smartphones, smart watches, self-driving vehicles,... All these innovations make life easier and more efficient. Your challenge for the week will be to make life more sustainable on our campus. Find out what could be improved and come up with a solution to make it happen!

We will work with the newest technologies including Python, Angular, beacons, sensors,... Throughout the week, you will also use Design Thinking to come up with a solution that works!

There will be an online variant of the week as well, so in case of travel restrictions, you can still participate.

Goal

At the end of the week, you will present your solution and have had a great experience with your fellow students and teachers.

Accommodation for students

Students are asked to book their own accommodation (this is not included in the price). Suggestions for accommodation will be sent to the registered students after confirmation of participation.

Registration for students

The registration fee of 120 € includes 4 lunches, 1 dinner and the social and cultural activities. Registration needs to be done through the BUSIT webform.

Payment must be done to your home institution.
