

**MANIPAL**  
ACADEMY of HIGHER EDUCATION  
(Institution of Eminence Deemed to be University)

# International Conference on Nanomaterials in Biomedical Applications

Manipal Academy of Higher Education is proud to announce hosting of “Nanomaterials in Biomedical Applications” conference with Nature Research Group and it is a first of its kind in India. This international scientific conference will bring together the researchers across the globe working in the field of nanotechnology. Nobel Laureates as keynote speakers will be the highlight of this event. This scientific fest will cover different areas where nanoparticles have found application in our day to day life. The conference aims at highlighting recent advances as well as unpublished research in the above theme and encouraging discussion amongst scientists in a stimulating environment. The conference program consists of outstanding speakers who have enabled the translational application of nanomaterials in the last decade and will last for two days. There will also be vibrant poster sessions and networking opportunities at the end of each day.

## Venue

Chaitya Hall, Fortune Valley View  
Manipal, India

## Dates

26<sup>th</sup> February and 27<sup>th</sup> February  
2024

<https://conferences.nature.com/event/42175813-6e6f-4d9f-a4ee-58764214c5d4/summary>

In addition, workshop on “Effective Publishing and Communication Strategies” on 28th Feb 2024 by Nature group with Dr Harry Shirley, Editorial Development Manager at Nature Portfolio as one of the resource person. Faculty, students and researchers can attend this workshop to upgrade their publishing skills

A two-day International Conference on Nanoscience and Nanotechnology on 29th Feb 2024 and 1st March 2024 hosted by Manipal Academy of Higher Education is yet another platform for a scientific fest at Manipal

On behalf of MAHE, I invite your faculty and students to attend all these events. Our esteemed speakers from around the globe and India will definitely enrich all the participants with the advanced knowledge in the field of nanotechnology and nanoscience.
